

# Clapper, Berardi Tie-Up Annapolis Ten Miler

BY GEORGE BANKER

ANNAPOLIS, MD--The 13th Annual Annapolis Ten Miler was held on Sunday, August 28th. This event is Maryland's Premier Ten Mile Road Race. A runner can anticipate the three H's being present (heat, humidity and hills). The temperature at 6 a.m. was 77 degrees with a light breeze and the temperature was to go higher. To those who run this event it is never taken lightly and the proper preparation is required.

The course takes the runners from the Navy-Marine Corps Memorial Stadium through downtown Annapolis and then onto the grounds of the U.S. Naval Academy. In the first segment (1-5 miles) of this event the runner must cover as much ground as possible because the next 2 miles are the meat of the course with the hills and the humidity at the highest. At the 5 mile mark the runners headed up the first winding hill for about 3/4 of a mile followed by another 1/2 mile along flat surface. The fun did not stop at mile six. There were a couple of short demanding hills but the second hill was hidden because of the winding road through a residential area. At mile 6.5 there was the last hill before relief came with a one mile downgrade for about a mile with another uphill at the 8.5 mile mark which was about 1/4 to 1/2 mile. The last mile was the time to burn all remaining fuel and push to the stadium for a finish on the field.

There was a show of power and strength in the two lead male runners as they made their assault on the city of Annapolis. Gary Clapper of Columbia, and Dave Berardi of New Carrollton were going stride for stride as one tried to shake the other. The time shared by both was 51:25. The third place finisher was Jim Hage of Lanham in a time of 52:40. The top ten males were all under 54:00 minutes.

The top female finisher was Patricia McGovern of Washington, DC who had taken over the lead position and was able to maintain her place to finish in an impressive 58:56. McGovern had dominated this event as she set over a minute lead between herself and the second place female, Mariane Dickerson of Arlington, VA who finished in 1:00:41. The third place finisher was Donna Elliot of Annandale, Va in a time of 1:02:55. Judith Bugyi of State College, PA was the first masters runner in 1:08:46 (24th overall).

Scoring: Best 5 of 6 on each team score. Sixth team member (shown in parentheses) displaces. Lowest total wins. Runners not in team competition do not displace.

Recap: What can the competition do when ZBTC of Howard County finishes its first two team members in first and second? The Open Class Athletes made a valiant effort but fell short by 12 points (42 vs. 54). O.C.A. captain Dave Asaki even finished ahead of his fifth place counterpart on the winning team! Both teams walloped the defending champs, 3rd place WRC. Could it be that WRC captain, Dan Rincon only gives training tips to the women team members?

Strong RRCA, Military and Masters teams rounded out the top six places. Masters champ Bob Oberti led those pesky GNATS to a nearly 100 point margin over the nearest competition. The Fort Meade Runaways weren't "well-armed" enough to handle the HDW Army team: One more strong runner from Ft. Meade would have made a world of difference.

The RRCA competition was a little thin. Where were Howard County and Baltimore this year? Annapolis can be forgiven for not fielding a team: most Annapolis Striders choose to work this race, but these two strong teams who usually field winning combinations at the annual RRCA team challenge (held in Columbia in February) didn't show!...they must have been "down the ocean"!
