

HOT TIME IN ANNAPOLIS: H

BY GEORGE BANKER

ANNAPOLIS, MD--It was mid-week and the temperature in August was in the low 60s. The runners were excited in anticipation of a cool ten mile run in the 15th Annual Annapolis Ten Miler (Sunday, August 26, 1990). The last cool day for this event was in 1982 when three course records were set. It didn't last long. By Friday the mercury started to rise and the projected high for race day was 90 degrees. At 6:00 a.m. the humidity was 95 percent and the temperature was holding near 75 degrees. This was far from ideal conditions. Those who thought about tights had to put them away.

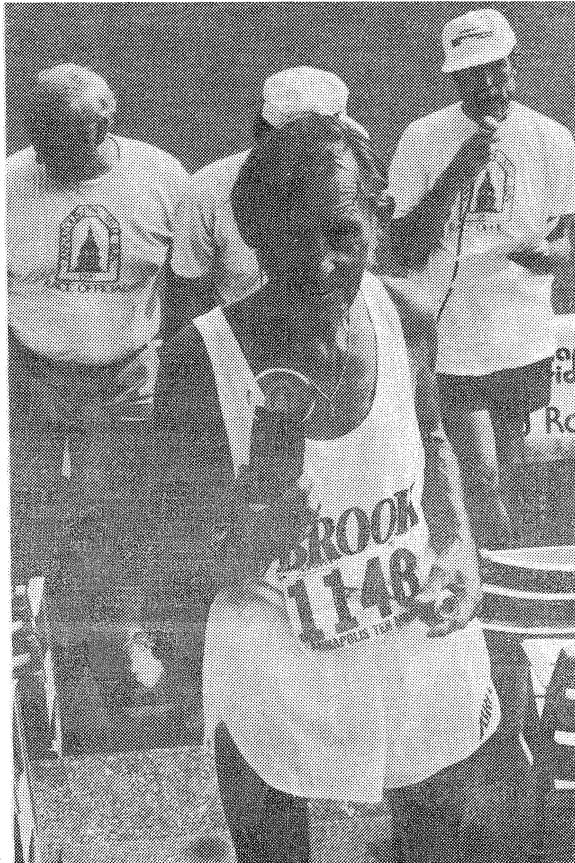

The air was thick and in how many events do you worry about visibility? The fog was lingering over a portion of the course. Once again the U.S. Naval Academy made the Navy-Marine Corps Stadium available. A couple of U.S. Marine Corps MPs at the gate of the U.S. Naval Academy were relieved that they did not have to wave off all of the runners or give out visitor passes. The cooperation of the U.S. Naval Academy has been an integral part of this premier Maryland road racing event.

The men's field had a few local favorites: Michael Regan of Washington, DC (third 1989, 52:34), Jim Hage of Lanham, MD (first 1987, 50:01, fourth 1989, 52:52) the two-time consecutive winner of the Marine Corps Marathon (1988, 1989), and Farley Simon of Springfield, VA (second in the 1989 Marine Marathon). The largest challenge was going to be the weather. All precautions were taken to combat the heat with sufficient water supplies and medical teams along the course. Residents were out with water hoses. The stage was set and the runners were in the ready position. Within minutes a deep silence fell around the stadium as the last pair of feet left the area.

The lead pack enjoyed the flatness of the course for the first five miles. Then it was time to get serious; the first hill across the Severn River. The heat and humidity were affecting all of the runners. Out front was Ronald Shaiko (a professor at American University), of McLean, VA who had eight consecutive 100 mile weeks of training. Shaiko enjoyed the lead position for the first eight miles. The pace was being pushed from the rear. The last couple of miles held a few surprises. Hage, not willing to settle for anything less than first took control and was followed by Robert Yara of Cockeysville, MD. With less than a half mile Yara made a final attempt to overtake Hage but he was not successful. Hage borrowed from his reserve and finished with 51:21. Yara followed with a 51:25. Shaiko was third with 51:27 and Simon finished an impressive fourth

(51:40). Doug Mock of Bowie, MD was fifth with 52:14.

The male masters were led by Anthony Grier of Baltimore, MD who logged zero miles the week going into the event. Last year Grier was 10th with 54:00, this year position 18 was captured with 54:26. The second finisher was Bennett Beach of Bethesda, MD with 57:17 (44th). Last year Beach was the first master with 55:29.

Ed Benham first in the 70 and over age group. (George Banker photo)

The competition in the women's field was not as strong as 1989, but that was no excuse for an easy win. The favorite and eventual winner was Rose Malloy (local school teacher), from Annapolis, MD. The time of 1:00:40 captured by Malloy placed her first overall and first master. Not far in the distance was Stacey Nicholson of Baltimore, MD who captured second with 1:02:11. The third finisher was Pam Briscoe of Bethesda, MD with 1:03:46. Marge Rosasco of Joppa, MD was fourth with 1:03:54. Buffy Gavigan of Baltimore, MD who finished 26th last year (1:07:52) made a dramatic improvement to clock in with 1:04:03. The weather did agree with one runner.

Kathleen Morgan of Windsor, VA was changing her image of consistency. In the years 1985 through 1988, Morgan placed 11th, moved up to 9th in 1989 (1:03:47) and this year reached 8th (1:04:45). Let's hope she makes 7th in 1991!

This year represented the first for the wheelchairs with eight participants. As the athletes rolled up to the starting line

it was evident who was going to be first; Kenny Carnes was present. Carnes has rolled through many barriers and captured a 39:23 win. The second place finisher was Steve Leitz with 43:15. The first female was Brenda Smith of Gaithersburg with 1:02:15.

On the far end of the age group (70+) (with low times) a well known local runner, Hedy Margue (age 73) of Alexandria, VA who placed 262nd last year (1:26:43) managed to clock in with 1:29:18. Ed Benham (age 83) of Ocean City, MD finished in 1989 with 1:17:17 (943rd) and this year 1:18:00. Not far back for second position was Dr. George Sheehan (age 71) of Ocean Grove, NJ who clocked in with 1:24:37. Be careful if you should pull up to either, you may get embarrassed.

All the humans were running well, but the non-humans were not, the computers were not up to ten miles. What you do when the back up malfunctions? The Annapolis Striders handled it well, made the necessary apologies and distributed as many awards as possible with the limited results. I guess computers need training too. The Club should be complimented for an overall safe event and an extended thanks to the sponsors.

MEN

1990 ANNAPOLIS RUN RESULTS *MEN*

1 JIM HAGE 32 LANHAM	51:21
2 ROBERT YARA 35 COCKEYSVILLE	51:25
3 RONALD SHAIKO 30 MCLEAN VA	51:27

The women's division was open since the Washington Running Club was not present to defend their title. The Tri-Maryland team had to battle with the Baltimore Road Runners. The road was hot but Tri-Maryland edged ahead to take first place with 51 points to Baltimore's 54 points.

The RRCA team title was taken by the Annapolis Striders. The level of competition heats up year after year as more teams respond to the challenge.

continued on next page

The Washington Running Club was the local favorite for the open division but the D.C. Capitol Track Club had other plans. The Track Club dominated with a total of 47 points for first and the Baltimore Road Runners (BRR) placed second with 50 points. The Washington Running Club had to settle for third with 52 points.

The scoring was based upon place of finish among all of those who were participating on a team as opposed to overall position within the Ten Miler. The first five scored with the sixth being displaced.

The scoring was based upon place of finish among all of those who were participating on a team as opposed to overall position within the Ten Miler. The first five scored with the sixth being displaced.

A NOTE FROM THE RACE DIRECTOR

On behalf of the Race Committee and the Annapolis Striders, we thank you for your cooperation, patience, and common sense on what was not an ideal day for running in Annapolis. The medical team got to see more of you than usual. We had some extra help from Dr. George Sheehan, who stopped by and ended up working for a while. The biggest "save" was recorded by the finish line crew, who provided such superb back-up that recreating the finish after 2/3 of the computers crumpled was quite easy.

Most of all we extend a "Well Done!" to the more than 400 volunteers who give this race much of its outstanding character. It looked like you all managed to enjoy yourselves after the race and, now that Fall is really here, you should be getting some good use from your race premium.

Speaking of the premium, a limited number of medium and extra large sweatshirts are still available for purchase. Send check or money order for \$18.00 (\$15.00 plus \$3.00 shipping), payable to Annapolis Striders, to Annapolis Run, PO Box 6815, Annapolis, MD 21401.

We hope to have next year's applications to you by mid-March. Thanks to your support, it looks like we raised over \$6,500 for the Heart Fund this year. We hope to see you back in Annapolis, Sunday, August 25th, 1991. Until then, good running!

Evan Thomas, Race Director
1990 Annapolis Run

TEAM SCORING

In the scoring logic, women teams are omitted from the standings but the individual women runners displace men. The number associates with each name is the overall finish place among team entrants only. Parentheses refer to the sixth member of the team which does not score but displaces.

ANALYSIS

Washington Running Club was dethroned even though they had two in the top five. The powerful DC-Capitol Track club swarmed the finish line to take the laurels. The scoring members of the top three teams finished in 56 minutes or less. Competition continues to intensify!

Many congratulations to the Annapolis Striders A team for winning the RRCA crown. The Gnats seem invincible as masters winners and Military District Washington has a lock on first for the military category. IBM's big blue team took corporate honors inaugurating the corporate competition.

Next year we hope to once again make these team awards at the post-race ceremony. Many thanks to John Gudas' fine Annapolis Striders finish line crew for excellent scoring support. Gerte Spadone, with help from Betty Moore and Guy Riccio, provided the flawless registration information which allowed us to make these results possible.
